DISCUSSION

- The meeting was held online with all attendees in the workspace.
- The meeting started with all updates of the work done till yet.
- We have shown him our database, how and where the files are stored and the format of storage.
- The client has told us to improve the CSS and visuals of the website to make it more visually appealing.
- The client also asked us to implement an error/warning message in case of attempt of login with unauthorised credentials.
- The client asked us to shift the website networking from local host to local server.
- The meeting concluded with a final brief discussion on what we were to display in R1 release.
