DISCUSSION

- The meeting was offline in Arka Aerospace office.
- The meet started with client taking updates on the work done.
- Then he asked us to complete a few more features and show him. These features were proper working of form, UI bug fixing, authentication, new columns in the display database page.
- After doing this in the office he again did user testing and listed out a few bugs he wanted to be removed and a few features that are required to be added.
- A few changes to form layout were also made as per request from the client.
- The meeting concluded with dicussion for the work that needs to be finished by next week and discussion about R1 release.
